

What Teachers and Freelance Teachers Can Access and Do at Kid Startupper Academy

The **Kid Startupper Academy** offers two distinct roles for educators: **Teachers** (educators working within a school environment) and **Freelance Teachers** (educators offering independent lessons). Each role comes with specific features and access to the platform.

1. Teachers (School Educators)

- ✓ **Educational Material:** Free access to lessons, guides, presentations, exercises, and quizzes designed to integrate entrepreneurship into the school curriculum.
 - ✓ **Structured Lesson Plans:** A predefined curriculum that helps students understand fundamental entrepreneurship concepts.
 - ✓ **Support from the Kid Startupper Team:** Teachers receive training and guidance from experts to ensure the proper implementation of the program.
 - ✓ **Classroom Use:** The educational materials can be used in school lessons or in entrepreneurship clubs within the school.
 - ✓ **Access to New Tools:** Teachers receive continuous updates on new methods and tools that enhance entrepreneurship education.
-

2. Freelance Teachers (Independent Educators)

- ✓ **Access to Educational Material:** Just like school teachers, freelance educators have full access to guides, presentations, and exercises.
- ✓ **Create Their Own Courses:** Freelance Teachers can organize their own student groups, choosing the format (in-person or online).
- ✓ **Set Their Own Prices:** Freelance educators can determine the cost of their lessons.
- ✓ **Flexible Scheduling:** They can arrange classes at any time and conduct them online using platforms like Google Meet, Webex, Microsoft Teams, or Skype.
- ✓ **Manage Their Students:** Tools are available to organize students, track their progress, and provide additional guidance.
- ✓ **Ongoing Support:** The Kid Startupper Academy team offers guidance and assistance to help independent educators grow their teaching activities.
